VOL. 33 NO. 34

WASHINGTON C. H., OHIO, SATURDAY, FEBRUARY 9, 1918

Ten Cents a Week

COLDER

MORE AMERICANS TAKEN PRISONERS

German Announcement of Capture of American Soldiers Fixes Place of Capture.

Report Shows Americans Are Located on South Side of Great St. Mihiel Salient.

Announcement Fails to State Number of Prisoners Taken.

(By Associated Press Cable)
Berlin via London, February 9.
—Some American prisoners have been captured north of Xivray, 10 miles east of St. Mihiel, says the official statement issued today by the German general staff.

This point on the line is along the southern edge of the St. Mihiel salient, about 10 miles east of St. Mihiel itself.

The announcement fixes definitely for the first time the location of the sector held by the Americans in Lorraine.

RED WORK OF RED GUARDS

(By Associated Press Cable)
London, February 9.—According to an Exchange Telegraph dispatch from Copenhagen, a special correspondent of the Berlingske Tidende, who succeeded in escaping from Helsingfors, sends to his paper a wireless report which was not allowed to pass the Red Guard censorship, in which he says the Red Guards have made a frightful slaughter of great masses of Finnish people and have been plundering and killing in a most brutal manner.
Public buildings containing food for starving Finns, have been destroyed.

HANDLES THE MAIL

MAJOR FRANK SMITH.
He handles all mail for American Troops in France.

ROOSEVELT IS MENDING AND WILL RECOVER

Encouraging Statement Issued by Physicians Indicate the Turning Point Has Been Passed.

Will Remain in Hospital Three Weeks. Messages Arrive at Hospital.

(By Associated Press Dispatch)
New York, February 9.—Friends of Colonel Theodore Roosevelt who have been watching anxiously the progress of the afflictions of his ears which required an operation, expressed the belief today that the turning point had been reached and the noted patient is now on the way to recovery.
Attending physicians today fixed a probable date for his release from the hospital three weeks hence.
Cable messages from all over the world began arriving at the hospital today.

GERMAN ALIENS GET MORE TIME

(By Associated Press Dispatch)
Washington, February 9. — Four days extension of the time in which German aliens must register throughout the country was announced today by Attorney General Gregory.
The extension changes the closing to Wednesday, February 13th.

REPUBLICANS WILL ASSIST

(By Associated Press Dispatch)
Washington, February 9. — Senate Republicans today held their first conference since the United States entered the war, and discussed various administration measures, especially the bill to clothe the President with powers to co-ordinate government departments.

After the conference adjourned a statement was issued promising support of Republicans for all necessary legislation for the "vigorous prosecution of the war."

CLEVELAND HAS SECOND BEST

(By Associated Press Dispatch)
Cleveland, O., February 9.—Since receiving a five percent increase in wages this year, members of the Cleveland Police department have become the second best paid patrolmen in large cities in the country, according to statistics gathered by Public Safety Director Sprosty.
New York policemen alone are better paid. Cleveland patrolmen now receive \$1200 the first year of service after which they are paid \$1,411.20. They are off duty one day in every seven, receive annually two weeks' vacation with pay and receive full pay while on sick leave.

GERMANS USE DOGS IN FRONT LINE TRENCHES TO GIVE WARNING AGAINST ATTACKS OF THE AMERICAN PATROL

With the American Army in France, February 9.—(Associated Press)—The Germans are using dogs in their front line to warn them of the approach of patrols opposite the American sector.

A German dog "listener" early this morning prevented one of our patrols from executing a daring stroke. Two corporals who were concerned in it have been mentioned in official reports for their spirit and coolness.

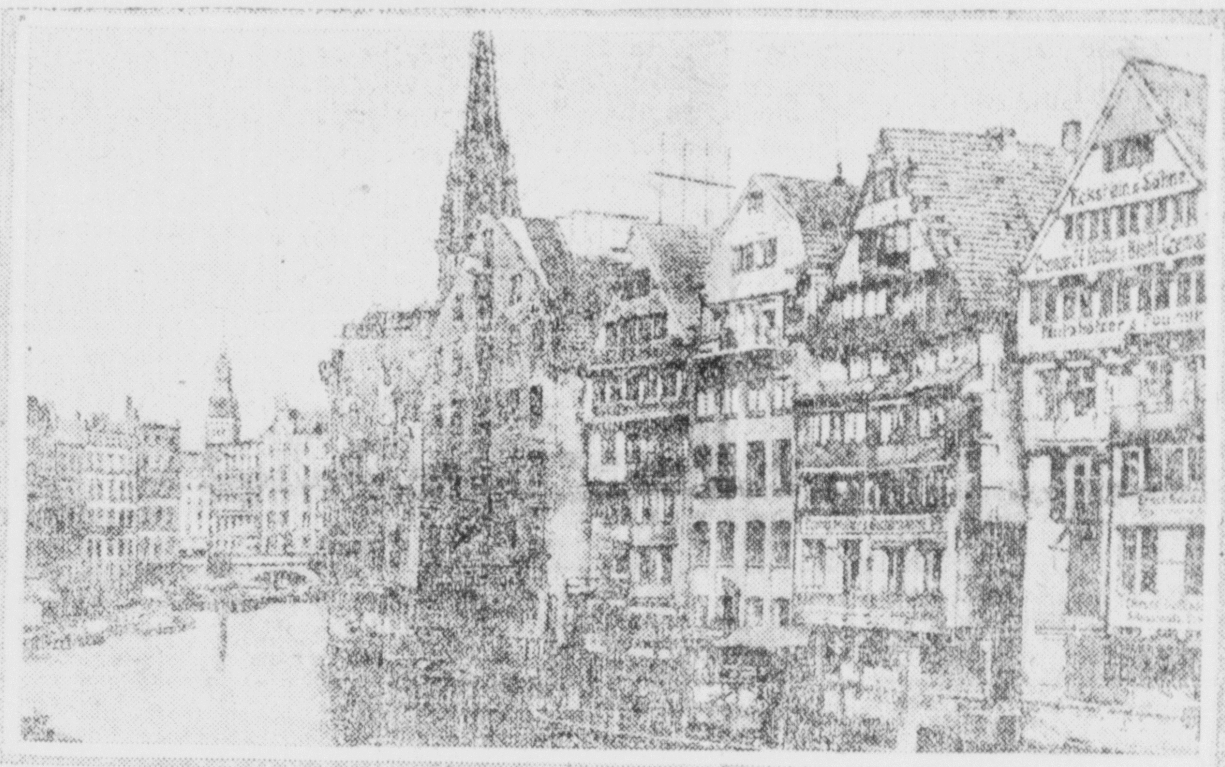

Accompanied by two privates they left an abandoned trench in "no man's land" last midnight and went to the German line. They first found a wire barrier which had been shot to pieces by the American fire. 15 yards farther they came upon German entanglements 20 feet deep.

The men were inspecting an opening in the wire when a dog, apparently chained on the other side, began to bark. A dug-out door opened quickly in a trench and a voice was heard to say "ready!"

Suddenly a brilliant rocket went up and the Americans threw themselves flat on the ground just as a machine gun began to spit bullets.

A bomb which had been hurled by the Germans struck a few feet away. The corporals stayed where they were for sometime and listened to the German soldiers talk among themselves. After the Germans retired to their dug-outs the patrol rejoined a larger one.

THE ONLY WATER STREET IN HAMBURG

SCENE IN HAMBURG.
The strikes and riots in Hamburg have virtually tied up the entire industrial section of that German city. The strikers demand an immediate peace on the basis of no annexations and no indemnities. This photo is of Deich street, the only canal street in the city, which runs through the principal industrial section of Hamburg.

UKRAINIANS HAVE SIGNED A PEACE PACT

Germany Concludes a Separate Peace with Ukraine Rada and Expects to Open Rich Grain Producing Territory.

Bolsheviki Opposes Movement of Rada, Says Dispatch.

(Associated Press Cable)
COPENHAGEN, FEBRUARY 9.—A PEACE AGREEMENT HAS BEEN SIGNED BY REPRESENTATIVES OF THE CENTRAL POWERS AND THE UKRAINIAN RADA, A SEMI-OFFICIAL BERLIN TELEGRAM ANNOUNCES.

(By Associated Press Cable)
Berlin, February 9.—Peace between the Central Powers and the Ukrainians was signed at two o'clock this morning, it is announced officially.

The signing of the peace agreement between Germany and the Ukrainian Rada is the first action of its kind by any of the belligerents.
How far Germany's plan for peace on the Eastern front centered now apparently in an effort to open up frontiers through which she may secure supplies may prove successful seems to depend upon the measure of con-

THE WEATHER

Washington, February 9.—(Associated Press Dispatch)—Weather predictions for the week, beginning Sunday, issued by the Weather Bureau today are:
Ohio valley and Tennessee, generally fair with higher temperatures Monday and Tuesday. Slightly colder Wednesday and about seasonal temperatures thereafter.

control the Rada has over the territory of the so-called Ukrainian Republic which embraces rich grain-growing territory. Such control is disputed by the Bolsheviks.
Early advices said nothing of the terms, but it had been reported previously the Ukrainians were offered a section of Russian Poland.

DELAY CAUSED HIS CAPTURE

(By Associated Press Dispatch)
Washington, February 9. — Delay in delivering orders to forces in France was responsible for Daniel D. Gallagher, an American trooper, being taken prisoner in the first German raid on American trenches, Representative Huddleston of Alabama today told the House committee on expenditures in the postoffice department.
Relatives of Gallagher who is not yet 18, had prevailed upon the War Department to grant his discharge. Orders to release him were sent September 26th, but did not arrive until October 6th, after Gallagher went to the trenches.

AMERICANS STILL BUSY WITH SHELLS

German Patrols Are Unable to Work While Sammies Operate in No Man's Land Without Trouble.

British and French Repulse Raids. Situation in Russia Not Clear.

(By Associated Press Dispatch)
On the fighting fronts there has been no marked change in the situation.

American artillery continues its harassing bombardment of the German positions and has made the work of German patrols so dangerous that American patrols have been enabled to work unchallenged in "no man's land."

The British and French soldiers repulsed German raiding parties at several points while artillery bombardments are on in the Arras-Cambrai fronts.

Bad weather prevails on most of the Italian front.
The situation in Austria which resulted in the resignation of the Von Scydler cabinet is not yet clear. A dispatch received in Switzerland says Emperor Charles refused to accept the resignation.

TOTAL MISSING IS PLACED AT 166

SPAIN LOSES ANOTHER ONE TO THE HUNS

"Serious" Situation Is Caused by Sinking of the Spanish Steamer Sebastian.

Vessel Was on Way to New York When Sunk.

(Associated Press Cable)
Madrid, Spain, February 9.—Official announcement was made today that the Spanish steamship Sebastian of 4,500 tons has been torpedoed while on a voyage to New York. The crew was saved.
The Spanish minister of marines has asked the Valencia authorities to make a detailed report of the incident.
If the sinking is confirmed a protest will be forwarded to Berlin. The Spanish press considers the case an extremely serious one.

GREAT GORGE IN THE OHIO NOW ON MOVE

(By Associated Press Dispatch)
Wheeling, W. Va., February 9.—The great ice gorge in the Ohio River extending from New Martinsville, W. Va., to Wellsburg, W. Va., began moving at Wellsburg today under pressure exerted by the rising river.

River men believe the gorge will move only a short distance and then will form a dam behind which the rising waters again will gather and force a new movement.

Lowlands along Wheeling creek, which empties into the Ohio here were under water today.

ORGANIZE TO STOP FLOODS

(By Associated Press Dispatch)
Columbus, O., February 9.—Formation of a permanent statewide flood prevention organization was perfected here today at a meeting of thirty county surveyors with John I. Miller, State Superintendent of Public Works.

The meeting was called by Governor Cox as a safety measure following warnings that the present thaw might cause floods in some Ohio rivers.

The surveyors were urged to return to their homes, obtain supplies of dynamite and break up all ice gorges as quickly as formed and to organize home guards for the purpose of patrolling rivers.

Predicts Death of U-Boat.
Hull, Eng., Feb. 9.—Expressing fear that the British "are in for a bad time for a few months" from submarine warfare "Admiral Sir John Jellicoe declared the U-boat should be killed by August if the nation holds out.

Late Dispatches Claim American Troops Lost on Tuscania Will be About 147.

1700 Troopers in Irish Concentration Camp for Few Days.

100 Soldiers in Hospitals Recovering from Illness Due to Exposure.

(By Associated Press Dispatch)
With but scant hope that additional survivors of the torpedoed liner Tuscania will be found, latest compilations show that 147 American soldiers lost their lives Tuesday night off the Irish coast.

British Admiralty figures give the total casualties at 165, the losses among the crew and passengers being 19.

Trawlers have traveled over the waters where the Tuscania went down and have cruised along the Irish coast without finding any trace of any men other than those already reported rescued.

The Tuscania survivors' bureau in an Irish port estimates the Americans missing at 101.

Official reports on the circumstances surrounding the sinking of the liner by a German submarine have not been received in Washington.

In Irish seaport towns the Americans have been received wholeheartedly by the populace.

Two large detachments of the soldiers aggregating more than 1700 men are on their way to a concentration camp in northern Ireland, from whence after a period of rest they will go to their original destination. Approximately 100 American soldiers are in hospitals.

MUST HAVE VOTES BEFORE SUFFRAGE BILL CONSIDERED

(By Associated Press Dispatch)
Washington, February 9.—No effort will be made to call up the Women's suffrage amendment in the Senate until sufficient votes for its adoption have been assured.

When this will be Senator Jones of New Mexico, chairman of the Women's suffrage committee, today refused to predict.

The Ortman Motor Company

P. F. ORTMAN, President.

MANY ARRESTS ARE EXPECTED TO COME FROM COAL STEALING

During the past few weeks from ten to fifteen carloads of coal are said to have been stolen from sidings near Edgefield and Octa in western Fayette county, and as a result an investigation is now under way which is expected to result in wholesale arrests in that community, where in some instances men with sleds are alleged to have hauled load after load of coal from cars on the sidings, filling their coalhouses or cellars to overflowing.

The thievery has been conducted on such a wholesale scale that it has attracted widespread attention, according to reports coming from the neighborhood, and some interesting developments are expected when the B. & O. officials complete their investigations.

Some persons who were in dire need of coal helped themselves, but others who had plenty of coal to run them throughout the winter are said to have helped themselves time after time. In no case, so far as has come to light, has anyone offered payment for the stolen coal.

MEAT STEALING CASE IN COURT

The case of Harley Dunlap vs. Will Merritt in which the defendant is charged with stealing meat from Dunlap valued at \$100, was finally brought to trial today, after being postponed twice.

The trial is expected to consume the entire day before a decision is reached.

Last Saturday afternoon Merritt was bound over to the Grand Jury, and his bond fixed at \$100. This was furnished.

MUST CLEAN ICE FROM SIDEWALKS

Mayor V. J. Dahl has issued an edict that all ice on side walks must be cleared away immediately if it is at all possible to remove the ice.

As it is at the present time the sidewalks are not only dangerous but the property owner is responsible for the condition of the sidewalks.

EX-FAYETTE COUNTIAN PRAISES CANADIANS

William Greene, of Huxley, Alberta, Canada, writes to his father, Mr. F. W. Greene, of Cunningham, with much enthusiasm of the big part Canada is doing in the war. She has already furnished 500,000 men for her population of 7,000,000. The United States to equal her, in proportion to population, will have to send over 7,000,000 men. The Canadians have also been wonderfully liberal in responding with money to war calls.

Mr. Greene says "You Yanks think you can raise h—ll and put the prop under it. The only way to win this war is in the air. Starving Germany is a remote possibility."

FOG VS. HOUSEWIFE

The Fog will win if she attempts to do her family wash at home, for the heavy atmosphere causes the soot and dirt to settle—and you know what happens then. Better call is to get your bundle early next week. Either the New Complete Service or Rough Dry.

DR. L. A. BRYAN DIES IN CALIFORNIA

A telegram received from Los Angeles, Cal., Friday night brought the sad word of the death of Dr. L. A. Bryan, son of Mrs. W. C. Eyre, of this city early Friday morning. Last November Dr. Bryan suffered a nervous breakdown and has since been in failing health. He and his wife were planning to come here for a visit in April. They spent the summer here a year ago.

The news of Dr. Bryan's death will be learned with much regret by many friends in this community. Dr. Bryan left seven years ago, after practicing dentistry in this city and also in Lancaster, for Los Angeles, where he built up a lucrative practice.

The body will be brought here for burial, but definite announcements have not yet been made.

FUNERAL SERVICES MRS. CHAS. PATTON

Rev. G. H. Harper of Belfast conducted impressive funeral services over all that was mortal of Mrs. Charles Patton, at the White Oak M. E. Church, Friday afternoon. Rev. Jason Henkle, who was minister at the White Oak Church when Mrs. Patton was a young girl, and Rev. S. P. Ludwick assisted Rev. Harper.

Miss Daisy Cockerill sang beautifully the three hymns "Rock of Ages," "The Home of the Soul," and "Shall We Gather at the River."

Many beautiful floral remembrances expressed the sympathy of relatives and friends.

The pall-bearers were four grandsons, Her Patton, Earl Smith, Dave Patton and Elsworth Patton; and Jess Taylor and Cary Burton.

Relatives here from a distance were two grand children, Earl Smith and Miss Marie Smith, of Mt. Vernon, the son James Henry Patton, of Texas was not able to attend.

Burial was made in the White Oak cemetery.

JUNIORS DINE

The Juniors of the Y. M. C. A. were again treated to a splendid dinner today at minimum cost. The menu was steak and mashed potatoes, plums, bread, butter and coffee, all of which was served for 15 cents.

The dinners have been highly successful, and will be continued as long as possible.

YOUNGSTERS BUSY COLLECTING JUNK

Amsterdam, February 9.—School children of Frankfurt in two weeks collected 166,000 pounds of waste paper, 24,000 pounds of rags, 8,400 pounds of metal, 900 pounds of women's hair, 4,000 pounds of rubber, 2,000 pounds of leather, 85,000 bottles, 20,000 electric lamps, 41,000 corks, and 12,000 hats. The articles were all turned over to the army.

WHO SHOULD HAVE ALSACE-LORRAINE?

The French claim to Alsace-Lorraine is one of the greatest stumbling blocks to peace. Are they entitled to it? Alsace became French in 1648, more than two centuries before Germany took it in 1870. It became French by treaty, not by conquest. The Austrian Emperor gave it to the French king, saying: "I give it to you in such a way that no other Emperor in the future will ever have any power at any time to affirm any right on these territories."

Lorraine, Germany's great iron ore field, became French in 1552, more than three centuries before the war of 1870. It became French not by conquest but by a treaty signed by all the Protestant princes of Germany. In 1871 when the deputies of Alsace-Lorraine learned that their provinces were being given up to Germany they declared: "Alsace-Lorraine cannot be alienated. Before the whole world they proclaim that they want to remain French. Europe cannot allow a people to be seized like a flock of sheep."—Exchange.

Y. M. C. A. DEFEATS COLUMBUS CADETS IN ORDINARY GAME

The Y. M. C. A. basket ball team won over the Kappa Cadets of Columbus Friday night 27 to 23, in a game that was slow and uninteresting in some respects, but brilliant in others. The game although rough, was characterized by the sportsmanship of both the visitors and the "Y".

Paul Smith, Y. M. C. A. right forward was the hero of the evening. Early in the game he was thrown against the wall and nearly fractured his nose, but he was packed up and resumed his position. A few minutes later he fainted on the floor, was revived and again resumed his position.

The work of H. Smith who played left forward for the "Y" was the feature. He made seven field goals and one foul. Smith's performance was remarkable, as nearly all his shots were from long distances.

Clark the bright spot of the Cadets, is not unknown here. Last Saturday he won the Y. M. C. A. Springfield game almost single handed. He was also the chief score getter of the Cadets. Clark had four field goals and three fouls to his credit.

The line-up for the "Y" was: H. Smith lf and c; P. Smith rf; Hays c and lf; Obrient lg; and Sollars rg. The Cadet line-up was McClure lf; Clark rf, and c; Smith c, rf, and lg; Wissinger lg; Crider rg, and rf.

FIVE AND COSTS

For helping himself to coal belonging to the B. & O. railroad, Herschel Brandon was fined \$5 and the costs before Mayor Dahl, Friday afternoon.

KING REWARDS ACT OF BRAVERY

(Associated Press Correspondence) London, January 28.—In recognition of their courage in fighting off with their fists a cougar which attacked them, King George has awarded the Albert Medal to two children of Cowichan Lake, Vancouver Island. The children are Doreen Ashburnham, eleven years old, and Anthony Farrer, eight years old. According to the account of the incident recorded in the official Gazette, it transpired as follows:

On the 23rd of September, 1916 the two children left their homes at Cowichan Lake for the purpose of catching their ponies and, when about half a mile from home, they were attacked by the cougar. They were almost upon the animal before they saw it crouching in a path at a corner. The cougar first sprang upon the little girl and she was knocked down with her face to the ground, the animal being on her back. The boy at once attacked the cougar with his fists and riding bridle driving the animal off the girl, it then attacked him and his companion getting to her feet, came to his rescue, fighting with her clenched hands and bridle, even putting her arm into the cougar mouth, to try to prevent it from biting him. She succeeded in getting it off the boy. It then stood on its hindquarters and fought with her but evidently was disturbed by some sound as it presently slunk away and ran under a log where it was afterwards killed.

The cougar measured over 7 feet from nose to tip of tail.

DRUGGIST WILL AGAIN LOCATE IN OHIO

Mr. A. T. Baldwin, who has had a temporary position as pharmacist at a drug wholesale house at Marietta since returning from California last fall, is spending a few days here. He expects to locate again in Ohio. Mrs. Baldwin is at her former home in Washington and the only son, Emmitt is taking an agricultural course at the O. S. U.

The Classified column has a buyer.

WORLD'S SHIPS

The Food Administration estimates the total number of ocean-going vessels now afloat at 30,000, having a gross tonnage of 45,000,000 tons. Losses of shipping during the war have totaled about 8,783,080 tons, and the supply of ships is about 20 per cent short of normal.

Ship building in France has been at a standstill since beginning of the war; England's output is less than normal; Japan is hampered by lack of material; the American ship supply is only beginning.

AMERICAN SAILORS WIN IRISH LASSIES

(Associated Press Correspondence) Base American Flotilla in British Waters, February 1.—Every part of the United States has supplied a hero in love romances that have culminated in happy marriages between American bluejackets and blue-eyed Irish maidens since the arrival of the American destroyer forces in the south of Ireland. After the war, every part of the United States from Maine to California and from the Great Lakes to Florida will boast of an Irish bride who was wooed and won in her native land by an American sailor.

All of the brides are looking forward to the happy day when they will see what their husbands so proudly proclaim as "God's country." Already the American sailor has supplied his Irish bride with all necessary documents to establish her identity as an American and some have even had their property in the United States transferred to their wives as a precaution in case they lose their lives for their country.

There is the marriage of a former ranchman, Bert Adams, to Bridget O'Rourke, whose family descends from an Irish king of that name. Adams, who is a boiler maker on one of the destroyers, hails from Hugo, Colorado. He is now arranging to have his ranch in Colorado deeded to his wife as a precaution in the event of his being torpedoed. His wife's relatives live in Bruce, County Limerick, and there is plenty of anecdote connected with the family relation to the O'Rourke's of kingly fame.

"I don't know anything about ranching," Mrs. Adams told The Associated Press Correspondent, "but I am preparing myself for the fair land Bert has told me so much about by studying a history of Colorado."

BRITISH AND TURKS EXCHANGE PRISONERS

(Associated Press Correspondence) Berne, Switzerland, January 28.—British and Turkish delegates, who have been conferring here for some time in regard to a proposed exchange of prisoners, have closed their negotiations after reaching what the British delegates describe as "a satisfactory arrangement."

The negotiations provide not only for the exchange of prisoners, but also for a complete inspection of prison camps. Turkey has about 10,000 British prisoners, mostly Indians, while Great Britain has 50,000 Turks. It is expected that the agreement will be immediately ratified and within a few weeks the first exchange will be made on Swiss soil, 1,000 British invalid prisoners, being exchanged for 1,500 Turks. After this exchange there will be an examination of all prisoners under a low schedule of disability by a mixed commission of Turkish and British doctors, this arrangement doing away with the delay incident to the employment of neutral doctors.

The negotiations with the Turks proved far more satisfactory than the British delegates had expected. The discussions were conducted in a conciliatory spirit on both sides. A number of supplementary agreements were reached regarding treatment of prisoners hereafter.

ADDITIONAL SOCIETY.

A miscellaneous shower in the form of a delightful surprise party was given Friday night at the home of Mrs. Homer Foster in Bloomingburg in honor of Mrs. Roy Pfeiffer (nee Martha Couch) a recent bride.

The honor guest was the recipient of a number of beautiful gifts and in a gracious manner thanked the guests.

Twenty-two young women found the evening one of extreme pleasure.

A "war time" luncheon was served.

Mrs. Arthur Simmons most cordially extended the hospitality of her country home on the Prairie pike to the M. S. Kensington Club, Thursday afternoon.

The women spent the afternoon in clipping and making elbow rests for the soldiers.

A dainty two course luncheon was served.

Miss Ho Baker assisted the hostess.

The next meeting will be held at the home of Mrs. J. J. Zimmerman and daughter, Clara, Thursday, February 21st. All members are urged to be present.

WASHINGTON HI IS OVERWHELMED

The Xenia Hi basket ball team overwhelmed the Washington high school five at Xenia Friday night, 53 to 5. By this victory, Xenia has obtained partial revenge for the lopsided foot ball Washington has been accustomed to mete out to her in the past few seasons.

The team has no alibi to offer for the decisive defeat, except the size of the floor, which was many times larger than the one they have been playing on.

Boots, of Washington, had the empty honor of being the best scorer of the blue and white. He shot three foul goals. DeWees made the other two by a field goal.

Moore, Xenia's captain, amassed eleven field goals and one foul, for a total of twenty-three points. Stephens, who played left forward for Xenia made six field goals.

The line-up for Washington was as follows: Lewis, rf and c; DeWees and Reif, lf; Boots c; Burnett, rg and c; Willis, lg; Laughlin, rg. The line-up for Xenia was: Stephens and Hertsock, lf; Moore, rf and c; Shambaugh, c; Owens, lg; Curlett and Vanns, fg; The referee was Vannorsdall.

DEATH SUMMONS SIMEON LEVERTON

Mr. Simeon Leverton one of the old residents of the Buena Vista neighborhood, passed quietly away Thursday evening at 9:30 o'clock at the home of his daughter, Mrs. Alva Biniger.

For several months Mr. Leverton had been in ill health. But not until a few weeks ago was his condition considered serious.

Besides the daughter Mrs. Biniger, he leaves two other children, Mr. Edgar Leverton and Mrs. Levi Woodruff of Dayton who were all with their father, when the eternal summons came.

Funeral services will be held Sunday morning at 10:30 o'clock at the White Oak Church. Burial will be made in the White Oak Grove cemetery.

GEORGE FRY PURCHASES JACOB CHENAULT FARM

The Jacob Chenault farm of 130 acres in Marion township has been sold to George Fry, of Cook's Station. The deal was made by Jamison and Brown.

HOME GUARDS AT MARYSVILLE

Marysville, O., February 8. — An organization of Home Guards has been formed here. Many of the members saw service with the old Fourth Ohio while others belonged to the old Fourteenth. Major John L. Setters is captain and instructor.

The Ohio War Board Says Today

New food rules call for new ideas. Housewives can help by surprising the family with a new dish.

We must abstain from meat on Tuesday. The Food Administration suggests as a substitute:

Peanut Sausages.
One pint toasted bread crumbs rolled fine, 1 pint mashed potatoes (Irish or sweet), 2 teaspoons baking powder mixed with the yolk of 1 egg. Season with salt, pepper, sage and mace. Beat all together; form into small cakes; dip each cake into the white of egg, then into peanut oil, and brown lightly in a frying pan containing a little vegetable oil; turn and brown on both sides.

Use vegetable oil in cooking at all times, and cut down your fat consumption.

Remember, every day is fat saving day.

VIEWS OF OTHERS

Washington C. H., February 6, 1918. Editor Herald:

I see the results of seed corn tests made in the county are very poor.

I don't believe it is that bad, or that it can't be found in the county. I have some white corn I bought on the place here that tested 90 percent. I will test this corn again and report to you.

I have a catalog of a seed firm in Ohio asking \$12.25 per bushel for their corn. The farmers ought not to pay those prices. Their guarantee is that if the seed don't grow they will refund the money. Now that is not very satisfactory to the farmer, after he has spoiled his chances for a crop.

I quite agree with you on the farm labor question and the loafers; the farmer don't need any bonuses to get them going. They will do their very best. The prices are incentive enough. With some help they will get there.

Yours respectfully,
O. L. SMITH.

R. D. No. 8.

A Thing the Government Should Avoid

It is hard to believe that the government is fully acting in a direction that would have a depressing effect upon the cattle feeding industry. Nevertheless, it is creating a condition that is not only working a hardship upon the man accustomed to handle cattle but by coming into competition with the feeder in the great market centers is creating a further condition that will result in the inevitable lowering of the meat supply of the country.

Mr. John J. Lawler, a recognized and reliable authority upon the stocker and feeder trade in the Chicago Yards, makes the following comment upon the condition as it obtains at that great market center:

"We have never had a trade condition resembling that of the last thirty days. Even if the railroads had been able to handle the business, feeders would have been kept out of the competition by the superior purchasing capacity of killers. We are making a serious draft on our stock of young cattle that spells scarcity at no distant date."

This means that the government is taking thousands of 600 to 850 pound carcasses, presumably because this class of cattle can be bought at a lower initial cost. While prime steers are bringing from \$12 to \$13 per cwt, this cheaper class of stuff is selling from \$3.00 to \$4.00 per cwt cheaper. Therefore the demand from the government.

However this class of cattle should go back to the country. To interfere with this movement is discouraging to the farmer, and will ultimately result in reducing the world's supply of food, two things the government should avoid, if it is inclined to follow the dictates of good sense and sound judgment.

War Books Popular

War books are in great demand at our Public Library and the "reserves" keep them constantly off the shelves. Especially is there call for those books that are absolutely authentic and the authors well known.

Ambassador Gerard's "My Four Years in Germany," while not the newest of the war publications, holds its own partly because of its close insight into German diplomacy and partly because the public have confidence in the author.

Few indeed are the hours that "Private Peat" spends on the shelves and Empey's "Over the Top" is equally popular.

Among other authentic personal narratives recently published and constantly in demand are Curtin's "Land of the Deepening Shadow," Ian Hay's "All in It" and "First Hundred Thousand," Dawson's "Carry on!" "Flying for France" is always a favorite.

For genuine thrills it is hard to beat these stories of personal narrative, but there are other war books that are of equal interest from a different viewpoint and these are beginning to show the wear of much reading.

Fiction is taking second place in these days when war news, war articles and war books subordinate all other interests.

A Law No Longer an Experiment

A lot of the changes proposed by the radical reformers and political uplifters, when placed on trial lose much of the glitter and promise that was theirs when ardent supporters were urging their adoption.

A radical departure was taken by the Ohio Legislature at its last session when it was called upon to take action with reference to the troublesome taxation problem. The voluntary listing of property was decided upon and statutes were enacted putting this somewhat revolutionary change in force. Of course there were the irrepressible pessimists who said the new scheme couldn't possibly work. It was conceded by its framers that it was more or less of an experiment, but the unsatisfactory condition of the taxation system in Ohio, justified the trial of a radical experiment. So undeterred by the howls of the calamity shouters the legislature enacted the experiment into law. Now the results are at hand for consideration and in the light of the facts the wisdom of the law can be judged.

Early abstracts of the grand tax duplicate of Ohio show a gain of \$845,199,878 over the year before. This increase is the largest in the history of the state, except in 1911, when the Smith one per cent law was enacted and all real estate was revalued. In some localities real estate was revalued this year but this was not generally done. Had all of the realty been given a new valuation, it is estimated that there would have been an increase of at least two billion dollars.

The real test of the efficiency of the new system is based upon the increased return of personal property. An increase in personal property of \$418,000,000 is claimed. Therefore, nearly fifty per cent of the total increase is directly traceable to the voluntary return system.

This return under the new self listing system shows conclusively that when the average taxpayer is placed upon his honor, he will make a more complete return than the assessors have ever been able to obtain.

Poetry For Today

ON THEIR WAY TO FRANCE.

Down toward the deep blue water
marching to the throb of drum
From city street and country lane the
lines of khaki come;
The rumbling guns, the sturdy tread
are full of grim appeal.
While rays of western sunshine flash
back from burnished steel;
With eager eyes and cheeks aflame
the serried ranks advance;
And your dear lad, and my dear lad
are on their way to France.

A sob clings choking in the throat,
as file and file sweeps by,
Between these cheering multitudes,
to where the great ships lie;
The batteries halt, the columns wheel
to clear-toned bugle call.
With shoulders squared and faces
front they stand a khaki wall.
Tears shine on every watcher's cheek,
love speaks in every glance;
For your dear lad, and my dear lad,
are on their way to France.

Before them, through a mist of years,
in soldier buff or blue,
Brave comrades from a thousand
fields watch now in proud review.
The same old flag, the same old faith
—the Freedom of the world—
Spells Duty in those flapping folds
above the long ranks furled.
Strong are the hearts which bear
along democracy's advance.
As your dear lad, and my dear lad
go on their way to France.

The word rings out, a million feet
tramp forward on the road,
Along that path of sacrifice o'er
which our fathers strode,
With eager eyes and cheeks aflame,
with cheers on smiling lips,
These fighting men of '17 move on-
ward to their ships.
Nor even love may hold them back,
or halt that stern advance,
As your dear lad, and my dear lad,
go on their way to France.

—Randall Parish.

DRY BILL PASSES

(By American Press)

Quebec, Feb. 9.—Under what was virtually a threat of the resignation of the government, Sir Lomer Gouin succeeded in the assembly in having "bone dry" prohibition for the province of Quebec carried unanimously. A caucus of the Liberal members two weeks ago gave the government a free hand in the matter of the liquor traffic. The government thereupon introduced a bill for total prohibition and the prime minister insisted that the members accept it or express want of confidence in the government.

WHAT YOU MAY LEARN FROM THE TRAINING CAMPS

Holding Your Head Up.—You never see a soldier walking along with his head down and round shouldered. Take a tip from them. Chuck out your chest, raise your chin, breathe deep and see how much better you feel. To go slouching along you begin to think the way you look. As your chest narrows, your brain does the same. Hold your head up, put a little pep in your walk and see how much different the world looks to you. H.C.

OHIO NEWS

(By American Press)

Shoe Manufacturer Dead.

Columbus, Feb. 9.—Charles B. Wolfe, president of the C. & E. Shoe company, passed away at Grant hospital. Nephritis caused his death after an illness of a few weeks. He was a brother of R. P. Wolfe, the publisher.

Charged With Arson; Hangs Self.
Cleveland, Feb. 9.—Jones Ellones, under arrest on a charge of arson, broke away from the police and several hours later his body was found hanging from a rafter in an attic. The police claim he had set fire to several buildings here.

Six Persons Hurt.

Springfield, O., Feb. 9.—Six persons were injured here when an express and passenger car of the Springfield, Troy and Piqua traction line crashed together just northwest of the city near Snyder park. Mrs. Harry Harvey of this city was the most seriously injured.

Fire Destroys Warehouse.

Toledo, Feb. 9.—With loss of \$125,000, a warehouse occupied by the National Biscuit company and the Nugent Furniture company was totally destroyed by fire. The loss on the three-story building was \$25,000. The largest single loss was \$75,000 on the Nugent furniture store stock.

Two Railroaders Killed.

Bucyrus, O., Feb. 9.—One of the engines of a double-header being used on the Northern Ohio railroad to break open the line rolled over at Plankton, at the Pennsylvania lines crossing. Lester Davis, 28, engineer, and H. J. Redlin, conductor, were crushed to death. A brakeman and the roadmaster, according to reports here, each had a leg broken.

Acrobat Held.

Columbus, Feb. 9.—Charged with violating the enemy alien law, Otto Ernest, member of an acrobatic team playing at Keith's theater here, was placed in the county jail. Ernest's enemy alien registration card was issued at New York. He admitted playing in various cities without reporting his presence to the proper authorities. He is being held pending information from Washington.

Washington, Feb. 9.—Encouraging reports of this country's chances for increasing her share of the world's trade are being brought to the department of commerce by special agents and commercial attaches after investigation in South America, the orient, Africa and Australia. Information of commercial peculiarities and suggestions for meeting the wishes of foreign purchasers have been prepared for the use of American business men.

Robert S. Barrett, special agent of the bureau of foreign and domestic commerce, reported on his study of the paper trade in South America. He visited every country of that continent and listed the equipment and requirements of 3,800 newspapers and printing offices. He will undertake soon a trip through this country to confer with paper manufacturers and exporters on how they can enlarge their South American business. "Compliance with South American trade customs is all that is necessary to make purchasers there permanent customers of the United States," Mr. Barrett said.

CHEER UP! NO POISON FOUND

By Associated Press Dispatch.

Columbus, O., February 9. — Although many samples of supposedly "poisoned" food have been sent to the state department of health by persons fearing German spies, so far the department chemists have found little to support the fears.

One mouthful of bread which an Ohio resident had bitten from a slice was found to contain ground glass, but the rest of the loaf was free from glass. Ground glass also was found in a sample of ginger snaps. No explanation of the presence of the glass in these two cases is known.

Many samples have been found entirely free of suspected poisons. A glass of water into which somebody had dropped a suspicious tablet before he gave it to a sick man was found to contain no poison. Numerous samples of candy, flour and other substances also have been proved harmless.

However, in one recent examination made for the state liquor licensing board, a sample of ginger ale sold to a soldier was found to contain 15 per cent of alcohol. The seller is facing charges in federal court.

HOW THIS MAN SAVES FOR WAR

By Associated Press Dispatch.

Columbus, O., February 7.—Colonel

John Y. Bassell, assistant director of the Ohio war savings committee, explained to 1000 Columbus school teachers recently how he is saving money from "excesses and indulgences" to buy government savings and thrift stamps.

"I'm smoking stogies on the street and hitting the pipe at home," he told them. In addition, he said, he is shaving himself, and in other ways endeavoring to show his patriotism.

Social and Personal

Harry E. Dakin and Miss Amanda Kincaid were united in marriage at the home of Rev. F. W. Hoffman, pastor of the Grace Reform church, at 4 o'clock Saturday afternoon. They were attended by Clarence Dakin and Miss Evelyn Dakin, brother and sister of the bridegroom.

The bride is the daughter of Mr. and Mrs. Edward Kincaid of Donnellsville. Mr. Dakin is employed at the Crowell Publishing company. Mr. and Mrs. Dakin will reside at Donnellsville—Springfield Sun.

The bridegroom has a large number of friends in this city, his home until a year ago, who are extending best wishes.

The "Kappa Cadets" of Columbus were entertained at the home of Miss Mildred Wolfe, Friday evening. The hostesses, assisted in the hospitalities by her mother, Mrs. W. A. Wolfe, Mrs. C. C. Allen of Marysville, and cousin a member of "Cadets," Mr. A. D. Curfman of Columbus.

Those who participated in the affair were Misses Opal Stanforth, May Noble, Hazel Reaster, Leona Cheeke, Dora May Stewart, Messrs. Robt. Cronebaugh, Chas. Wissinger, Paul Crider, Clarence Baird, and Earle Clarke.

Interesting matrimonial news is found in the announcement of the marriage of Mr. William Greene, son of Mr. F. W. Greene, of Cunningham Station, to Miss Lela Turner a former Missouri girl, which took place at Calgary, Canada, on the fifteenth of February.

Mr. Green is in Canada operating a large tract of land purchased some time ago. Word of his marriage will elicit the best wishes of many relatives and friends in the county.

The Eagles' hall presented a gay scene of carnival revel, Friday night in the Mardi Gras ball given by the St. Andrew's Guild. It might well be termed a "community dance," people turned out so well and so fully enjoyed the masquerade features and the pleasure of the evening. Nearly four hundred were on the floor at one time and over a hundred dollars was taken in for the magazine fund for soldiers in France.

The grand march at eight o'clock provided entertainment galore. Mr. and Mrs. George H. Hitchcock, as "Rex," the king of the carnival, and "Little Red Riding Hood" led the motley procession, in which "Polly of the Circus," "Madame Butterfly," "Mischophiles," "The Goddess of Liberty" and other celebrities linked arms with Red Cross nurses, Army officers, Dominions, the belle of the sixties, policeman, black faced mummies and comedians, nuns and monks, clowns, knights, and various other disguises. Later in the evening many of the spectators joined in the dance.

Whitely, Miller and Murry made up a trio that furnished splendid dance music. The women of the Guild managed a booth at which sandwiches, coffee and ice cream were liberally purchased.

The entire affair passed off with marked success.

The Guild felt much indebted to

a photograph of your boy as he was when he answered his country's call to go to France will be a priceless possession.

Insist that he have that photograph made NOW while there is yet time.

Hays THE PHOTOGRAPHER IN THIS TOWN Court and Main Streets

SOLDIERS' LETTERS

A letter from M. W. Clagens, of the Herald, at Camp Sheridan, Alabama, gives vivid idea of the eagerness with which the boys are awaiting orders to entrain for France.

Mr. Clagens says in part:

"It may interest you to learn that the great Alabama war continues with unabated intensity, and that our big guns still control the situation. But we are hardened to the rigors of campaign and the caprices of pality. The pill chest languishes, and an atmosphere once in indignation blue has slowly, steadily, graduated to regulation olive drab.

Hobnailed, weather-beaten, toll-stained and muscle-bound we are wearily awaiting the call to France. We're ready! We are not thirsting for blood, but if we are going, we want to go now. We look forward to the trip and the change of scene as a real vacation, and we are convinced that the shriek of shell and the glamour of battle is eminently to be preferred to this endless hip-hipping, day in and day out, over a colorless parade ground. In other words, we are soldiers.

"Do you know, I've walked a million miles in the last seven months. I can out-tramp any mule this side of Hades proper, and when it comes to disposition, I have any Missouri canary on the map plainly outclassed. Am I dissatisfied? Nay; a thousand times nay. No more than is the well fed mule dissatisfied. But I yearn for more room in which to exercise my pretty heels.

"A little wave of interest has been engendered in the company during the last few days by the organization of a baseball-volley ball soccer league. We have recreation period each afternoon from three to four. The league promises to be diversity. The team of which I am a vital element is known as the Foul Balls. Foul ball, you know, is an army term for anything contemptuous. The other outfits are called the Stove Hounds, The Cripples, the Lounge Lizards, the Hall Room Boys and the Leather Necks. The Foul Balls, as you have doubtless guessed, have surged resistibly to the fore, leading the league with a comfortable margin, one reason for which I am too modest to mention.

"We've been under quarantine for several weeks owing to some small-pox in Montgomery, but the ban was partially raised a few days ago, and the men are allowed to go downtown now in ten percent lots. But to be one of this limited number even, you must qualify. You must possess a pass and an efficiency card testifying that you are an all-around E-plus soldier, fully able to dress yourself properly, conduct yourself like a human being and say 'yes, sir,' when spoken to. And then, armed with these credentials, you go downtown to be accosted every here and there by others designated for that purpose, who examine your card, pass, and identification tag and proceed to put you through the third degree, in an effort to learn if it really can be true. If you can't emerge cleanly from one of these encounters, your card is taken up and sent to headquarters, and you are confined to camp during the month or two it takes to get back to you. Not a bad thing, though. It makes for efficiency, and you have more respect for yourself after successfully running one of these gauntlets.

"There is a pronounced hunch all over camp that we are going to travel within the next month or so—a more pronounced hunch than usual. If it proves good I may have something interesting to write next time.

"TECK."

INVENTOR EXPLAINS TORPEDO'S 'EARS'

Montraville Wood, one of the greatest inventors of the day—the man who has appeared in this city upon two occasions as an attraction of the Washington Lyceum Course, and demonstrated the gyroscope, monorail and other recent inventions, is now demonstrating how torpedoes actually "hear" and are attracted by the sound of a vessel.

From an exchange is taken the following excerpt concerning Prof. Wood.

"He told the audience of the mysteries of the torpedo with ears, of the depth bomb, the ultra-violet ray, red radio active material, and the monorail, all of which he has invented, in whole or in part, during a life devoted to science.

"War interest attached to most that he told. He demonstrated how the torpedo with ears could actually hear—that the "ears" caught the vibration from throbbing machinery in the U-boat and were drawn as if by magnetism to their objective.

Likewise the depth bomb, so equipped that when dropped it was attracted by the propeller action of the sub-sea boat, and if within a near enough radius, shot toward the sub shell and stuck on "just like a leech."

"There's no way of dodging or ducking the bomb, said he. 'Once it hangs on, it's goodbye U-boat. The explosion occurs from water pressure on the bomb.'

"Among experiments last night, Mr. Wood showed how his torpedo ears would register the sound of the human voice."

TOO COLD FOR HER, BRIDE GOES HOME

By Associated Press Dispatch.

Wilmington, O., February 8. — Arthur Smith of this city is plaintiff in a suit filed a few days ago for divorce from his wife Clara. His petition alleges that she left him after a few weeks' residence here, declaring she was going back to her Southern home in Tennessee, which she never will leave again for a place as cold as Wilmington, which has seen nothing but zero weather since she came here.

HARTMAN THEATER

(Columbus, O.)

Monday and Wednesday, February 18, 19—Matinees Monday and Wednesday.—Julia Sanderson and Joseph Cawthorne in "Rambler Rose."

The attraction at the Hartman Theater, Columbus, on Monday and Wednesday, February 18 and 20th, with matinees on both days, will be those two most popular musical comedy stars, Julia Sanderson and Joseph Cawthorne, in their latest play "Rambler Rose."

"Rambler Rose" was written by Victor Jacobi, who contributed the score, and Harry B. Smith, who supplied the book. These clever collaborators were responsible also for "Sybil," in which Miss Sanderson and Mr. Cawthorne appeared last season.

Miss Sanderson appears as a young American girl, pupil at a fashionable girls' school in England, while Mr. Cawthorne has one of his funniest roles as a bashful young man who aspires to her affections.

A splendid supporting company will be seen with the two stars, including John Goldsworthy, Ada Meade, Stewart Baird, Jean Newcombe, George E. Mack, and many others. Mail orders for seats for this important attraction will be received now, filled, and returned promptly in order of their receipt, when accompanied by a stamped, self-addressed envelope and remittance, including the war tax.

NOTICE

A. Luther Brakefield, whose place of residence is unknown, is hereby notified that Mary Belle Brakefield has filed her petition against him for divorce and alimony in cause No. 2457 of the Probate Court of Fayette County, Ohio, and that said cause will be for hearing on or after the 25th day of March, 1918.

HIDY & SANDERSON, Attorneys for Plaintiff.

TESTED RECIPES FOR WAR TIMES

(Note—This column is meant to be a practical aid to the housekeeper, to whose manifold duties the war is adding its quota of trials. It will be conducted on a "give and take" basis. You give your recipes to others by publication in this column, and take from those of others.

Send in tested recipes, original or otherwise. No names will be used in connection with the recipes. Mail or bring the recipes to the Herald Office.—The Editor.)

Fish Puff Balls.

1 cup cold flaked fish, 1 tablespoon butter, 3-4 cup flour, 1 cup boiling milk, 2 eggs, pepper and salt. Make a white sauce with the milk, butter and flour, add salt and pepper. When it has thickened, stir in the fish, then the well beaten eggs. Fry a tablespoonful at a time in smoking hot fat.

Macaroni and Chicken.

1 1-2 cups cold chicken, 1 1-2 cups macaroni, 1 1-2 cups cold tomato sauce, 1-2 cup buttered crumbs. Butter a baking dish, put in a layer of macaroni, layer of chicken cut in small pieces, then a few spoonfuls of tomato sauce. Repeat in this manner until the dish is full, making the top layer macaroni. Cover with crumbs and bake until the top is brown and crusty.

Oyster Rarebit.

Clean and remove the hard muscles from a cup of oysters. Parboil in their own liquor until the edges curl and remove to a hot bowl. Put 1 tablespoon of butter, 1-2 pound cheese (broken in small bits), 1 saltspoon each of salt, mustard and a dash of cayenne pepper into the chafing dish. While the cheese is melting, beat 2 eggs slightly, add them to the oyster liquor. Mix this gradually with the melted cheese, add oysters and pour on hot toast.

Everybody Is Invited To Attend The E-B School of Tractionneering

To Be Held at The Ortman Motor Company, in Washington Court House, Ohio, on
Tuesday and Wednesday, February 12 and 13, 1918

There is no charge for tuition and we are sure the instruction given will prove valuable and interesting. The lessons will include lectures, with charts and lantern slides, as well as practical demonstrations with tractors. If you are interested please advise us and we will put your name on the register and make you welcome, but remember you will be welcome even though you do not register. The school starts promptly at nine o'clock Tuesday morning and will be informal. Everyone will have a chance to ask, and have answered, any questions regarding tractors.

Come. It will help you if you want to know more about any kind of a Tractor, Engine, Automobile, Truck or Motor Cultivator.

The Ortman Motor Co.

WE KNOW TO A
POSITIVE CERTAINTY

that if you will give us a trial order you will become a steady patron of this shop. It's happened so many times that a person has come in and purchased a small order of meat, and then come back to express their delight and gratification and leave another order. This sort of thing surely helps our business.

RELIEF FROM ECZEMA

Zemo, the Penetrating, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using a little zemo, obtained at any drug store for 35c, or extra large bottle at \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema, and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

TROOPS IN FRANCE ARE STILL LOOKING FOR XMAS PACKAGE

Diary of Capt. O. E. Hardway, Written January 6, Says Christmas Packages Had Not Arrived But Were in France—Real Winter Grips Country.

Letters written by Fayette soldiers in France up to sometime toward the middle of January indicated that most of them had received only a part, or not any of the Christmas packages sent them, and in the following continuation of Captain O. E. Hardway's Diary—the last written before he left Company M to take charge of Company K—makes mention of the fact that his Christmas packages had not arrived.

In this connection it may also be stated that Major Allen as late as January 17th had not received his packages, but indicated that the mail was reaching the troops better than before, as he had received 29 letters in one day, some of them written months ago.

Captain Hardway's diary follows: Sunday, January 6.—Lt. Norris is in the room with me this evening. I have a good fire and good light and he has a good many letters to write so he comes over to my room to do his writing. He had a big pile of letters waiting him when he returned from school. They didn't receive very much mail while there. It keeps a person pretty busy to keep up his military correspondence and private correspondence. If a person doesn't watch he will forget what letters he has answered and what he has not answered.

Think I have a few that have not been answered. Saw Dick Saxton while in the city today. He is going to the Candidates for Officers school there. I had a long talk with him. He is making good.

I have four Sergeants there and all of them are sticking good. Some sergeants couldn't stand it and have returned to the outfit, saying that they didn't want a commission that bad. I guess that they got roasted good and hard for quitting. I told my sergeants for them to stick to it, and they say that they will stick until they are sent away. I think they will all land commissions. I hope so at least.

I have been looking for some time for some Christmas boxes that are said to be on the way to us Some-

where in France. We have been told that they are here, and will be sent to us as soon as possible.

Had a letter from Mr. J. D. Post stating that he had sent me a box of cigars in care of Major Allen, but have not received them yet.

Sold Davis the wood that I will have left when I leave in the morning. I think that there will be about one fourth of a cord left. He says that he hates to see me leave. I am very glad to know that I will be missed, instead of having them say that they were glad that I am gone. It makes one feel that his labors have not been in vain.

We have had some snow here for the last three weeks. It has been ideal winter weather, and as the cold is about the same all the time one is not so apt to catch cold.

Don't know whether I will be sent to school or not, but hear that I will be sent in the near future.

Corporal Cartwright went out hunting and brought in a wild hog, weighing about 160 pounds. He gave a ham of it to the officers for their mess. A number of the officers were out hunting today, but didn't see anything. He is the first one to get any real game.

REV. B. D. EVANS' SON FIRES FIRST U. S. TRENCH MORTAR

Rev. B. D. Evans, of Athens, Ohio, war lecturer, has received word that his son, Lieutenant Arthur D. Evans, former football star at Ohio Wesleyan University, who went with Pershing's forces to France, had fired the first shot from an American trench mortar at the Germans.

While delivering a speech in this city recently Rev. Evans announced that he had not had a word from his son since he departed for France last summer.

EMMA GOLDMAN PASSES NEAR FAYETTE

Emma Goldman, notorious anarchist, Thursday, passed through London, South Charleston and Xenia on Pennsylvania train No. 21 bound for Ft. Leavenworth, Kan. Her identity was discovered by some railroad men of Xenia.

Emma Goldman was arrested last summer because of her opposition to the draft law, and her friends in Russia have demanded her release from prison.

WAR TOPICS OF REV. F. E. ROSS

Rev. Frederick E. Ross, formerly of Grace church, this city, now of Third Avenue M. E. church, Columbus, who is one of the best posted men on European matters in general in the state of Ohio, has announced a series of war-time messages under the general title of "The Spirit of the Nations."

"The Spirit of France," "Germany Today and Tomorrow," "Turkey, the Doomed Nation, or the Passing of the Crescent," "Great Britain and the March of the Anglo-Saxon," "America and the New Age," are among the messages he will deliver at his church.

COAL COMING IN

Seven cars of coal have been received in the last day and a half and there is prospect of more coming yet today, but the demand is still heavy. The warm weather, which will allow freight to move again, and the burning of considerably less coal will greatly relieve the situation.

MORE BODIES RECOVERED

(By American Press)

Washington, Feb. 9.—That 2,255 persons have been saved and 166 are missing is the latest estimate made by the British admiralty in regard to the Tuscania disaster. The saved, it was added, included 113 American officers, 1,917 men, 16 officers and 183 men of the crew and six passengers. The bodies of 126 American troops have been recovered.

Of the 148 survivors landed on the Scottish coast 134 belonged to the United States army, including seven officers. Of these one officer and 25 men are remaining where they landed to attend to the funeral arrangements for the American dead.

The war department is unable as yet to relieve the increasing anxiety of relatives and friends of those on board by announcing the list of survivors. Even an official report on the circumstances attending the sinking is lacking, and official figures still fail to accord with press accounts of the number lost.

The war department has had no official report on losses to change the estimate that 210 persons were missing, 112 of them being American soldiers.

In spite of the realization that the loss was remarkably small, considering the number carried by the liner, the revised admiralty report was received here with bitter disappointment. Press dispatches indicating that the dead, all told, might not exceed 100, had led to the hope that possibly not more than 50 of the soldiers had perished.

A cablegram received by the navy department announced that 76 officers and 1,274 enlisted men of the army had been landed at Buncrana, Ireland; that 31 soldiers are in hospitals at Londonderry, while 370 officers and men are at Lsley. This gives a total of 2,011, but does not include the scattering of survivors reported in unofficial dispatches as having landed at ports in Scotland.

Additional details of the splendid conduct of the untold soldiers as described in press dispatches were received with undisguised pleasure by army officials.

The committee on public information made this announcement: "Much concern has been occasioned throughout the country by confusion of the One Hundred and Seventh regiment of engineers with the One Hundred and Seventh engineer train of the Thirty-second division. The One Hundred and Seventh regiment of engineers was not listed as having sailed on the Tuscania. The One Hundred and Seventh engineer train was."

PAYS HEAVY FINE FOR COAL STEALING

Sil Brown, colored Jeffersonville coal thief, has paid the \$100 fine he was given as a result of his operations. He has still the thirty days in the works to undergo.

Brown was very insulting toward D. T. & I. detective Short who arrested him. He is an old offender and the heavy fine was due to the fact that Brown had previously appeared before Judge Allen on a similar charge.

When the Children Cough, Rub Musterole on Throats and Chests

No telling how soon the symptoms may develop into croup, or worse. And then's when you're glad you have a jar of Musterole at hand to give prompt, sure relief. It does not blister.

As first aid and a certain remedy, Musterole is excellent. Thousands of mothers know it. You should keep a jar in the house, ready for instant use.

It is the remedy for adults, too. Relieves sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of back or joints, sprains, sore muscles, chilblains, frost-bitten feet and colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Clears the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad complexion or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. One and two per box. All druggists.

Bred Sow Sale!

—OF—

SPOTTED POLAND CHINAS

At Washington C. H., Ohio
 In The Chas. Allen Sales Barn

On February 13

To Commence at 1 O'clock P. M.

80 head, consisting of 20 tried sows and 60 fall yearlings and spring gilts. These sows are bred to our Grand Champion Boar and are the kind that will help Ohio raise that extra 15 per cent of pork this year that Uncle Sam must have. Most of them are bred to farrow in March and April and a few in May. If you cannot come send your mail bid to O. J. Rogers, Good Hope, O., or A. W. Clouser, Washington C. H., Ohio. All hogs are immuned. Lodging will be provided for those who have to come on the 12th and dinner to all on the 13th at the Cherry Hotel.

ALL ARE WELL SAYS NEW HOLLAND MAN

Private Ferrell E. Gordon, of Company M, 166th Infantry, writing from overseas to his parents, Mr. and Mrs. Ed Gordon, of New Holland, states that he is in the best of health and that all are doing nicely. He states that Christmas packages have not yet reached them, and that all are having plenty of good food.

DAYS REQUIRED TO MELT ICE COATING

Inasmuch as the streets and highways are covered with a sheeting of ice from 2 to 6 inches in thickness, it will require two or three days continued thaw before the surface of the thoroughfares is free of the accumulation of a score of snows.

Not in the memory of the oldest inhabitants has such a thick coating of ice been formed on the streets and highways.

MAN ON TUSCANIA WAS WITH RED LEWIS

Wilbur S. Nutt, of Spring Valley, Ohio, who is listed as being among those on board the Tuscania, and whose survival has not yet been reported, was a former truck driver under Truckmaster "Red" Lewis of this city.

"The last I saw of Nutt was when Truck Company 49 was at El Paso," said Mr. Lewis in speaking of the tragedy which befell the boat on which Nutt had taken passage.

FARM BOARD IS WANTED

(By American Press)

Washington, Feb. 9.—The appointment of a commission of nine from their number to serve as an intermediary between the government and the farmers in solving agricultural labor and other problems, was urged by delegates to the federal board of farm organizations, who called on President Wilson.

The president said that while he could not answer such an important question off hand, the subject would receive his most careful consideration.

The delegation presented a memorial making various suggestions concerning the handling of farm problems and the exemption of farm labor from military service. The president replied:

"I can not, of course, off-hand answer so important a memorial as this, but it will receive my most careful and respectful attention. Many of the questions that are raised here have been matters of very deep and constant concern with us for months past, and I believe that many of them are approaching as successful a solution as we can work out for them, but just what these steps are I can not now detail to you. You are probably familiar with some of them.

Transportation priority for grain, flour, corn meal and other grain products in western and middle western producing states was ordered by Director General McAdoo as a means of hastening to market all grains, and particularly the vast accumulated stores of soft corn. This corn, full of moisture as a result of last year's growing conditions, composes as much as 40 per cent of the stocks in many sections and is threatened with rotting in moderate weather of the last few days, unless rushed to elevators and dried.

The order is intended also to insure adequate shipments of grains to mills to fill allied orders. The situation was discussed at a conference between Director General McAdoo and Sir Richard Crawford, commercial attaché of the British embassy, who expressed fear that bad transportation conditions of recent weeks in the United States would seriously interfere with the allied food program, unless special efforts were made to hasten grain to seaports.

TREAT IS IN STORE AT JEFFERSONVILLE

On Thursday night, February 21st, Rev. B. D. Evans, who recently addressed the Fayette County Fish and Game Protective Association, will speak at a mass meeting of citizens at Jefferson Hall, Jeffersonville, and will give them the story of what he saw and learned at the battlefield, and the story he will tell will be a revelation to all who hear him.

The meeting is to be in the nature of a patriotic gathering and no admission will be charged.

A number of local citizens who heard Rev. Evans in this city are planning to attend the meeting at Jeffersonville, knowing that he has a message really worth while.

Simple Way to End Chaffing.

Of the face and hands and add much to your personal appearance and comforts is by the use of Sheeran's Cream of Quince seed. The daily use of this delightful toilet aid will keep the complexion clear and smooth and the hands soft and white. Good appearance is a personal asset—cultivate it. Price 35c at all good drug stores. Adv.

J. O. U. A. M.
 The J. O. U. A. M. will hold their regular meeting Saturday night at 7:30. Initiation.

150 COMING 2 and 3-YEAR-OLD MULES

These mules were bought by my agents as weanlings by side of dams at various "Court days" in different parts of Kentucky, among the places being Harrodsburg, Carlisle, Williamstown, Georgetown, Cynthiana and Mt. Olivette.

They are typical Kentucky mules, being well boned, rugged and stylish. Will weigh when mature from 1,100 to 1,300 pounds, and have never had any colt diseases. They have always had the run of my bluegrass pastures together with ample barn room located thereon. In addition to grasses they have had grain as required, and at present are receiving about \$50.00 worth of hay and grain per day.

Taken altogether they are a very promising lot of youngsters, but they must be taught to do their "bit" for the world's democracy; and I am sure, at any price, with decent handling, they will more than pay their board and expenses. I would rather "break" five mules than one horse colt. Remember that mules are good to eat, good for leather and good for fertilizer, and will do an equal amount of work with a horse on half the feed and attention. MUST be worked every day to do well.

If you have an odd mule bring it along. You match and price and I will "give or take." Here is the place to buy matches that will always be matches. There are places on the farm for motors, but these mules will work ANY PLACE. Persons in this section about to take the "Farm Motor Fever" should, by all means, visit those with experience. How do you get on without at least one pair of mules? Come and see the mules or phone Exchange, Washington C. H., Ohio, Automatic phone 12255. Individual Bell 317-R1. Always at home except on Sundays.

Any Man Who Is Ingenious

can invent excuses for not insuring his life, but ingenuity is of little value in this world without common sense, and the man with common sense

Insures His Life

Talk it Over with Taggart

THE LIFE INSURANCE MAN

Double the Supply of Poultry and Eggs in the United States and Increase the Amount of Available Food 1,500,000 Tons

One hundred hens and several hundred chickens on the average farm, rightly managed, can get nearly all their living in spring, summer and fall "from the land." In feeding themselves they will utilize nearly all the waste grain, and consume great quantities of weeds, weed seeds and destructive insects.

One hundred hens and a few hundred chicks can turn a lot of farm waste into good food. Incidentally the poultry will leave on the land valuable fertilizer at the rate of two or three tons for every hundred birds.

One hundred hens on every farm, and one hundred eggs from every hen, mean more poultry and eggs for consumption on the farm, more to sell, more to substitute for red meat, and more power to our arms and the allies.

For Information How to Help Your Farm and Help the Nation by Raising More Poultry
